I am a driven intermediate programmer with a passion for expanding technical knowledge and delivering efficient code to meet project requirements.

EXPERIENCE

DEC 2021 – SEPT 2022

COURTESY CLERK, SPROUTS

Provided exceptional customer service and efficiently performed various store operations, resulting in a consistently positive shopping experience for customers.

2022 – PRESENT

SECRETARY, FLORIDA POLY MATH CLUB

As a member of the E-Board, I demonstrated leadership and organization skills as the secretary of the college math club, effectively overseeing and maintaining records of the meetings and collaborating with members to plan and execute engaging math-related events and activities.

EDUCATION

MAY 2026

COMPUTER SCIENCE, FLORIDA POLYTECHNIC UNIVERSITY

As a highly motivated computer science freshman student, I have demonstrated my dedication to my class work by achieving a current 3.91 GPA, despite the challenging curriculum.

SKILLS

- I am proficient in C, C++, Python, and Lua
- Excellent Problem Solving and Critical Thinking Abilities
- Active IEEE Member
- Strong written and verbal communication skills
- Able to learn and adapt to new technologies quickly

ACTIVITIES

Skilled in customer service, teamwork, and technology, I have excelled as a volunteer receptionist at Metropolitan Ministries, and member of an indoor percussion ensemble, and a C++ programmer for VEX Robotics.
