---

I am a Computer Science student who wishes to make his mark on the world through software. My interests line up with everything technology and I am completely customer service oriented. I am excited to start this journey!

## EXPERIENCE

DEC 2021 – AUG 2022

### COURTESY CLERK, SPROUTS

I was responsible for having top customer service responsibility, as I answered all of the customer's questions. I also had to work in a team to close the store at closing hours.

SUMMER OF 2021

### RECEPTIONIST VOLUNTEER, METROPOLITAN MINISTRIES

I worked at that the receptionist desk for the homeless housing. Through this, I helped checked people in and out, and was responsible for managing the keys.

## EDUCATION

MAY 2026

### COMPUTER SCIENCE, FLORIDA POLYTECHNIC UNIVERSITY

I currently have a 3.91 GPA, meaning I am on president's list, and I am in 3 clubs, that being VEX Robotics, Nerf Tech, Rotaract Club, Astronomy Club, Math Club. I am also a proud member of IEEE. My coursework is rigorous, consisting of Calculus 2 Physics 1, and Introduction and Computation Programming

## SKILLS

- Problem Solving
- Basic Knowledge of Coding in C, Python, and Lua
- Extensive knowledge of computers
- Proficiency in Microsoft Office
- Amazing Customer Service Skills
- Leadership

## ACTIVITIES

In High School, I founded my robotics team, and then lead the notebook team. The notebook team went on to win a rookie award and receive praises for the notebook. I am a beginning coder, who is currently

learning C, Python, and Lua. My most recent coding project consisted of making an quiz program, that takes user input and lets you quiz yourself.
